**Fee Waiver for Triple Step Toward the Cure's "Fifth Annual Stepping Towards the Cure 5K Run and Walk"**

Since 2010, Triple Step Toward the Cure has raised awareness about triple negative breast cancer, an often deadly breast cancer subtype that disproportionately impacts young women (ages 21-40) and women of color. Proceeds raised from the event will support their Community Resource Program, which provides financial assistance and resource referrals to women battling this aggressive disease.

**I THEREFORE MOVE THAT THE BOARD OF SUPERVISORS:**
